

Setting Up Application Environment

Docker Installation

Date	24 OCT 2022
Team ID	PNT2022TMID50144
Project Name	Skill and Job Recommender Application

Step 1:

Go the official Docker website:

<https://docs.docker.com/desktop/install/windows-install/>

Step 2:

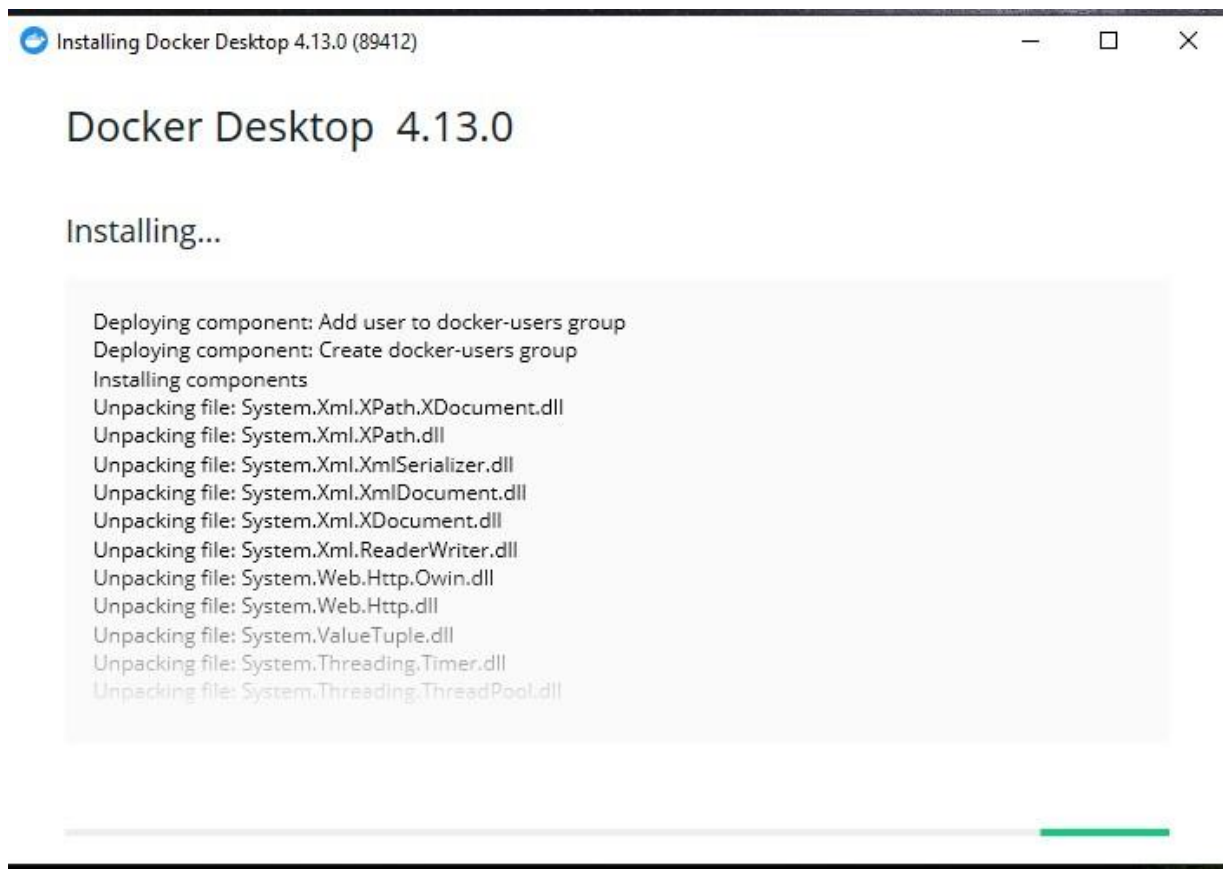

Click that button (Docker Desktop for Windows) and download will start and it takes a few minutes to complete.

Step 3:

Go to downloads in browser (or) type **ctrl + J**, it will navigate to the download page and double-click the particular docker file.

Step 4:

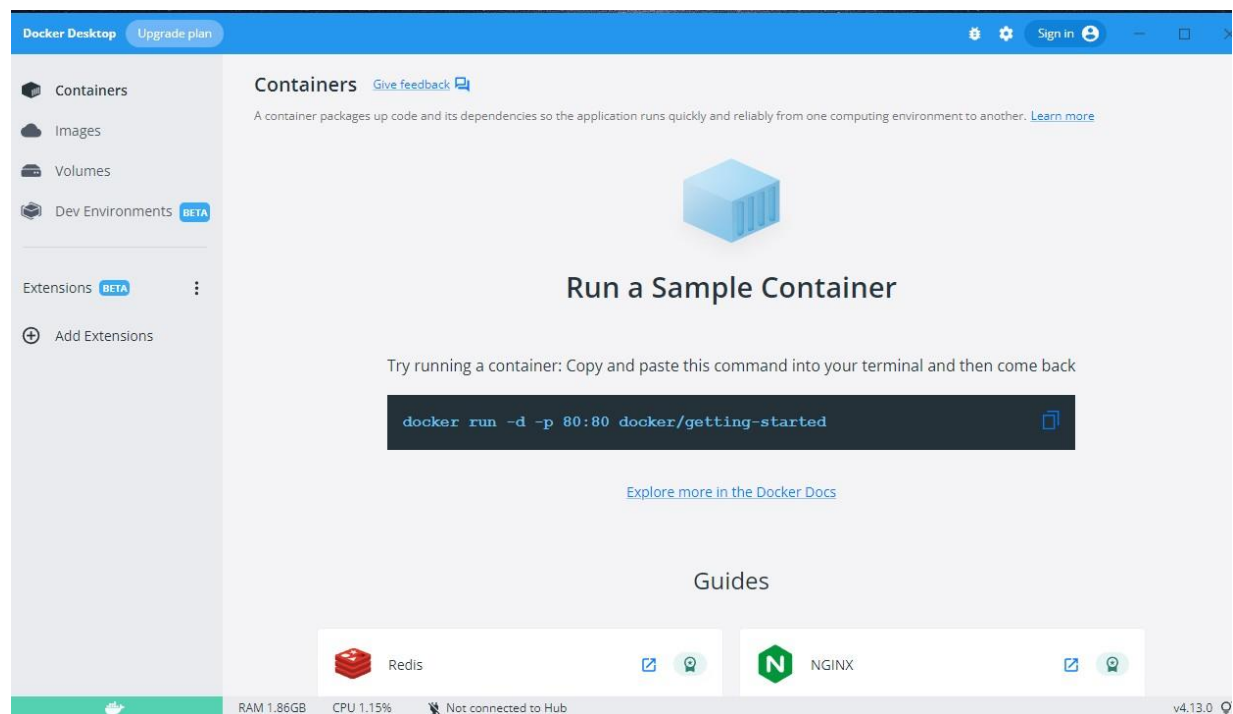

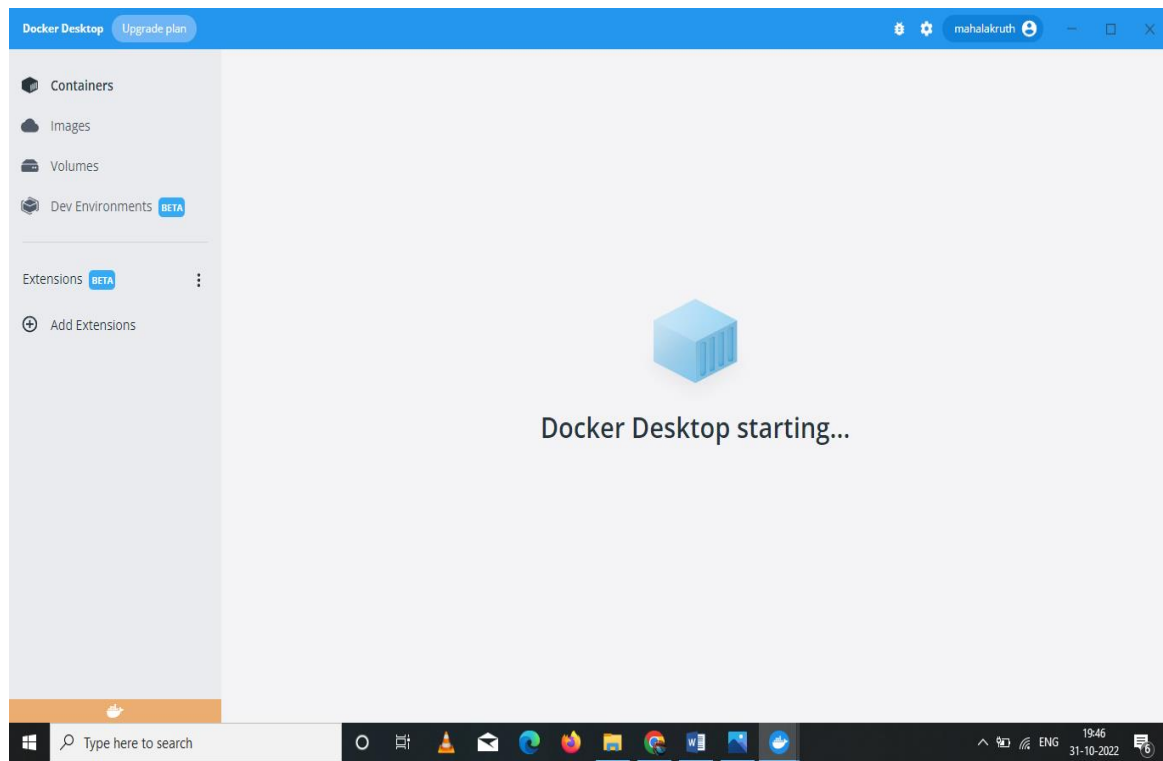

While Installing it will take some time to complete the installation.

After that , Installation is complete. This icon was added to your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

Step 5:

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.

Step 6:

Finally, the docker is installed successfully.

Step 6:
